Clark, New Jersey Roofing Company Launches Completes Flat Roof On The Clark Firehouse

Clark, NJ December 4, 2009 – Joseph David Roofing today announced the completion of The Clark Firehouse Roof in Clark, New Jersey. The roofing project consisted of removal of the existing layers of roof material and wet insulation down to the wood decking, removal of the eight existing skylights, framing the openings and covering the entire roof. The final flat roof project was finalized with a new Carlisle 060 fully adhered EPDM rubber membrane roof system with over 1.5" Polyisocyanurate roof insulation. The overall R-value being 10.0.

Now that the project is completed the Clark Firehouse has a new watertight 15 year warranty membrane roof system and more thermally efficient building.
